ACHIEVE YOUR ATHLETIC GOALS WITH LEGS THAT FEEL FULLY RECOVERED!

Reboots helps you not only reach your athletic goals but surpass them.

To regain your peak performance more quickly after intense training sessions, Reboots accelerates recovery. With this secret weapon against tired legs, you have the competitive edge on your side!

HOW IT WORKS

01

After intense training, waste products like lactic acid build up in the muscles, significantly impacting performance.

02

Reboots uses compression to deliver a gliding massage to your legs, helping to remove metabolic waste products more quickly.

03

After the recovery massage, you'll feel an immediate freshness in your legs and wake up the next day feeling much more rested and ready to perform—whether in competition or training!

YOUR REBOOTS BENEFITS

ADVANTAGE 1

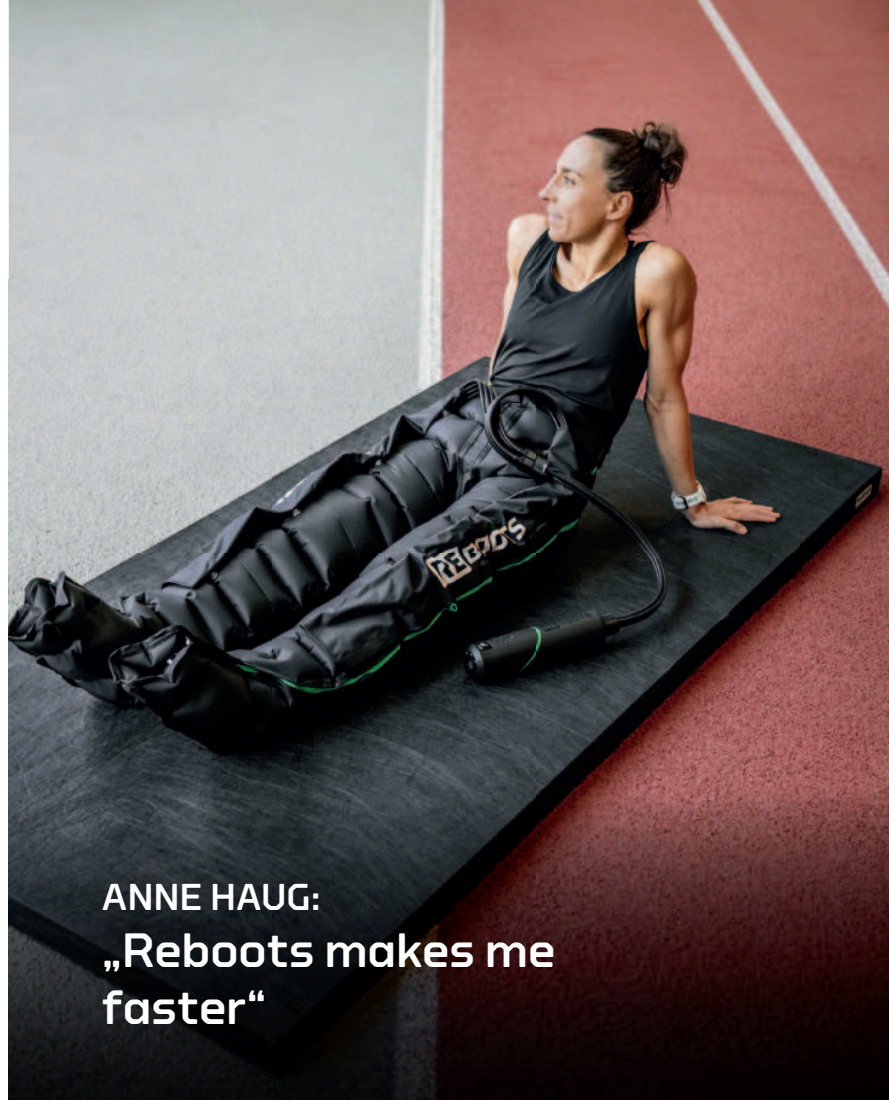

NOTICEABLY FRESHER LEGS

Do tired legs often hold back your ambition?

The Reboots massage helps lower lactic acid levels in the blood. The result: Noticeably looser legs for your pursuit of peak performance!

ANNE HAUG

TRIATHLETE
IRONMAN WORLD CHAMPION 2019
WINNER CHALLENGE ROTH 2021
3RD PLACE IRONMAN WORLD CHAMPIONSHIP
2021 & 2022

ANNE HAUG:
„Reboots makes me
faster“

ADVANTAGE 2

DON'T LET IT STOP YOU

Injuries can set you back in your training preparation.

Reboots helps prevent muscle injuries, swelling, and tension. Stay on track for success without the risk of injury!

SHEILA AVILES

SIEGER SKYRUNNING WORLD SERIES 2017 & 2019
SIEGER OCC MONT BLANC RACE UTMB SERIES
2022 (50K)
3. PLATZ SKYRUNNING EUROPEAN
CHAMPIONSHIPS 2017

SHEILA AVILES:

„Trail running is highly technical. If I didn't adjust every detail regarding effective preparation and efficient recovery after each training session, I would never be where I am today.“

ADVANTAGE 3

RECOVERY WITHOUT TIME LOSS

Due to time constraints, effective recovery options are often overlooked. Reboots gives you that time back. Use your Reboots while relaxing or working, so you don't lose any time.

FREDERIC FUNK

EUROPEAN CHAMPION U23 MIDDLE
DISTANCE 2021
1ST PLACE CHALLENGE WALCHSEE 2022
1ST PLACE IRONMAN 70.3 ZELL AM SEE 2022
3RD PLACE WORLD TRIATHLON LONG DISTANCE
CHAMPIONSHIPS 2022

FREDERIC FUNK:

„With Reboots by my side, I'm getting closer to my goal of winning the world's biggest races.“

SMART RECOVERY ON THE GO

Reboots Go Lite is the smallest and smartest recovery boots device in the world! Portable regeneration anywhere, with 2 hours of battery life and weighing just 0.7kg – without compromising on performance! 4 overlapping air chambers provide a seamless massage for the entire leg. Now available with Pants 2.0!

REBOOTS GO LITE

SMALLER, LIGHTER, QUIETER

The intelligent, battery-operated Reboots Go Lite is smaller, lighter, and quieter than any comparable device. Choose from 3 massage programs directly on the control unit: The programs vary in intensity and adapt to all your needs—from gentle relaxation to intense massage.

It also connects to our Reboots app, allowing convenient control of the recovery massage via your smartphone. A highlight is the 4 additional massage programs and the ability to deactivate each air chamber individually through the app.

2h Battery Life · ca. **50 Min.** Charging Time

When the power cable is plugged in, you can use the control unit at any time.

REBOOTS GO X

XCEEDS EVERYTHING

With the new AirX-Technology, the Reboots Go X-series eliminates the need for a hose system, offering unrestricted freedom of movement and making it easy to put on and take off. Thanks to its 1.5-hour battery life, the Go X is the ideal companion for training camps, competitions, or sports holidays. The Reboots app enhances the user-friendliness of the Go X. The maximum pressure of 180mmHg from the 16 overlapping air chambers can be individually controlled via the Reboots app, allowing for the most personalized recovery experience possible.

REBOOTS ONE PRO

INDIVIDUAL ADJUSTMENT

The Reboots One Pro offers the highest level of customization options. A stand-out feature is the combination of twelve chambers, the ability to customize chamber pressure, and the new app integration. With the integrated app, the device can be conveniently controlled through the Reboots App.

Additional features, such as the HOLD and INTERVAL timers or the option to deactivate individual chambers, complete the technical capabilities of the Reboots One Pro.

REBOOTS APP

SMART RECOVERY

Intelligent App Control:

With the Reboots app, you can organize your favorite programs and save them as individual sequences in the Sequence Hub. Combine the programs as you wish and assign different pressure levels and durations to tailor the massage perfectly to your needs. Highlight: Choose from the Reboots sequences by Frederic, Anne, and others, and recover like the pros! Currently available for Reboots Go Lite, Go X, and One Pro.

PANTS 2.0

REBOOTS PANTS 2.0 - FASTER AND BETTER

PANTS 2.0

INNOVATIVE FIT. INTENSE RECOVERY.

The innovative Pants 2.0 extend the recovery massage all the way to your lower back and target all key muscles in the hip and glute area.

The chambers of the Pants 2.0 overlap, eliminating gaps that could disrupt the flow back. This gives the massage quality a serious upgrade.

The Pants 2.0 are available with 4, 8, or 12 chambers, making them compatible with the Reboots Go Lite, One, and One Pro devices.

ARM CUFFS 2.0

MAXIMUM UPPER BODY REGENERATION

The innovative Arm Cuffs 2.0 are not only an optimal addition to your Reboots Recovery Set but also a leap into a new era of muscle relaxation. The comprehensive compression massage extends from your arms over the chest to the shoulders.

**EASYCLIP FOR
SIMPLE HANDLING**

ARM CUFFS 2.0

SIMPLY BETTER

Thanks to the overlapping chambers and revolutionary Flow technology, every second of your massage is optimized, enabling waste products like lactate to be transported more efficiently after intense training sessions. The result? Fresher, lighter arms and accelerated recovery. The EasyClip also allows you to put on the Arm Cuffs 2.0 with just one simple motion. No complicated fitting, no slipping. Just slip in, start, and relax.

The Arm Cuff 2.0 comes as a pair, ensuring an optimal fit and handling for both your right and left arm. It is available with 4, 6, and 8 chambers and is compatible with all Reboots devices.

THERMO SLEEVES

Especially in sports with high joint stress, such as ball sports, running, or racquet sports, post-training recovery is important.

The Thermo Sleeves provide targeted and practical treatment for sore muscles, enhancing recovery and well-being. The heat and cold application of the Thermo Sleeves is particularly beneficial for the following areas:

- Elbows
- Wrists and ankles
- Knees
- Thighs
- Calves

COLD THERAPY

Cryotherapy is pain-relieving and reduces swelling. It also significantly slows down inflammatory processes. Products for targeted cold therapy are often used for muscle and joint injuries accompanied by pain and swelling. Cold therapy weakens blood circulation, which in turn helps reduce pain and swelling.

HEAT THERAPY

Heat promotes blood circulation in muscles and joints. Using the Thermo Sleeves for heat therapy relaxes the muscles and can help with discomfort caused by tension. Additionally, heat can be beneficial for recovery after exercise.

ICE TUB

YOUR TOOL FOR BETTER MOOD AND MORE ENERGY!

Ice bathing is far more than just a trend: Cold exposure promotes muscle recovery, reduces inflammation, strengthens the immune system, and helps relieve stress. With the Reboots Ice Tub, you can experience the powerful benefits of cryotherapy in the comfort of your home! Ice bathing is not just a trend – it's a proven way to speed up recovery, boost circulation, and strengthen your immune system. Whether right after a workout or for mental fortification, the Ice Tub brings fresh energy and renewed power to your daily life.

ICE TUB €159

Including VAT and free shipping!

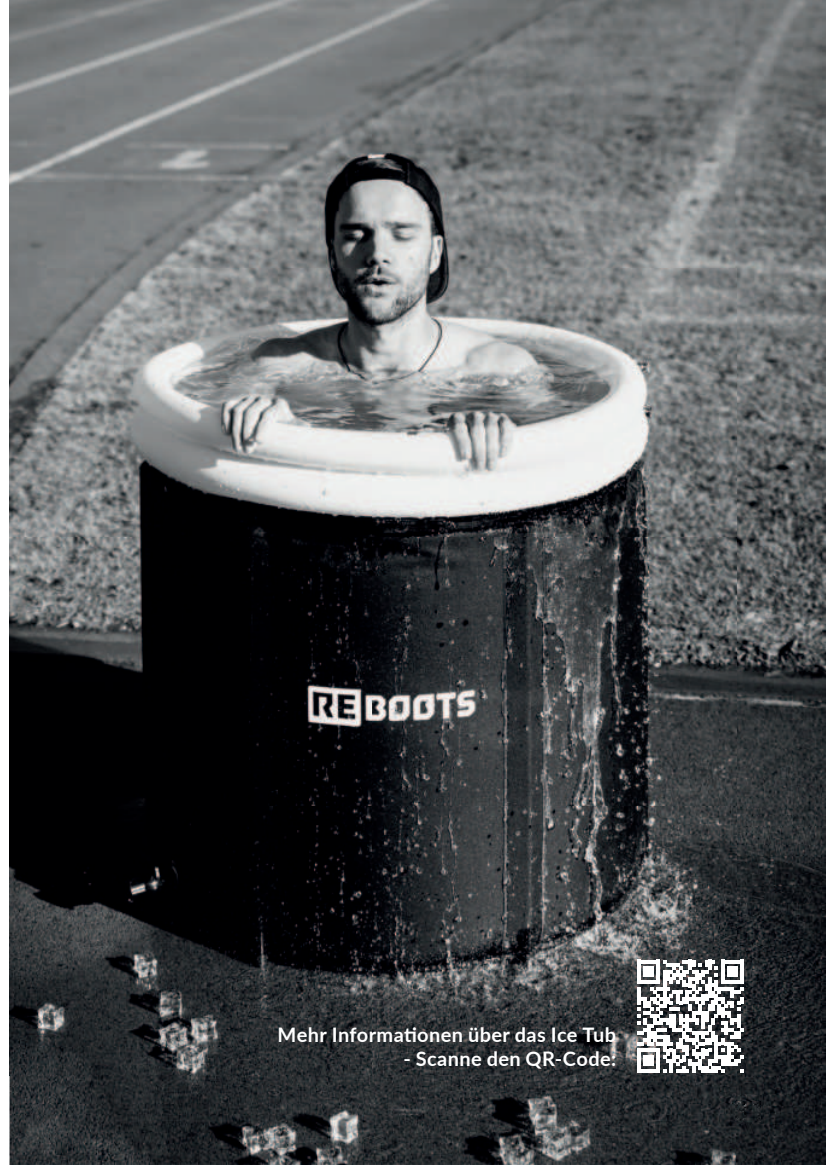

ALWAYS READY FOR A COLD BOOST

The high-quality Oxford fabric not only gives the Ice Tub a modern design but also provides exceptional stability and durability. Thanks to the sturdy, waterproof membrane, the tub remains crack-free even with frequent use and is optimally protected against external influences.

The carrying bag allows you to conveniently take the Ice Tub to training camps or competitions – ensuring maximum flexibility in your recovery routine. The user-friendly water drainage feature makes it easy to empty after each use without lifting or tilting – simply connect and drain.

With a capacity of 340 liters and a compact design, it fits easily into smaller spaces, such as a balcony or garden.
