healthy food by play itas

Playitas Resort has created its own healthy and sustainable concept. A surface of more than 10.000 m² of Eco Gardens with a big variety of fresh fruits and vegetables that can be grown in Fuerteventura. Own beehives for honey production. Plantation of more than 250 olive trees contributing to the reduction of the carbon footprint. Our Buffet restaurants offer a variety of meal options with ingredients that are carefully selected including protein and carbohydrate areas.

- Á la carte restaurant
- Pool bar
- Palapa bar
- Thai Food
- Gluten free, lactose free
- Vegan products and dishes

SUSTAINABILITY

Playitas Nature is committed to sustainability through various initiatives.

Our resort features its own desalination plant, ensuring a reliable and eco-conscious water supply.

Furthermore, we operate a fleet of electric vehicles, reducing our carbon footprint and promoting cleaner transportation options.

Solar panels adorn our facilities, harnessing renewable energy to power our operations efficiently.

Additionally, we're proud of our ecogarden, where we grow fresh produce for guests, highlighting our commitment to local and sustainable farming.

MICE

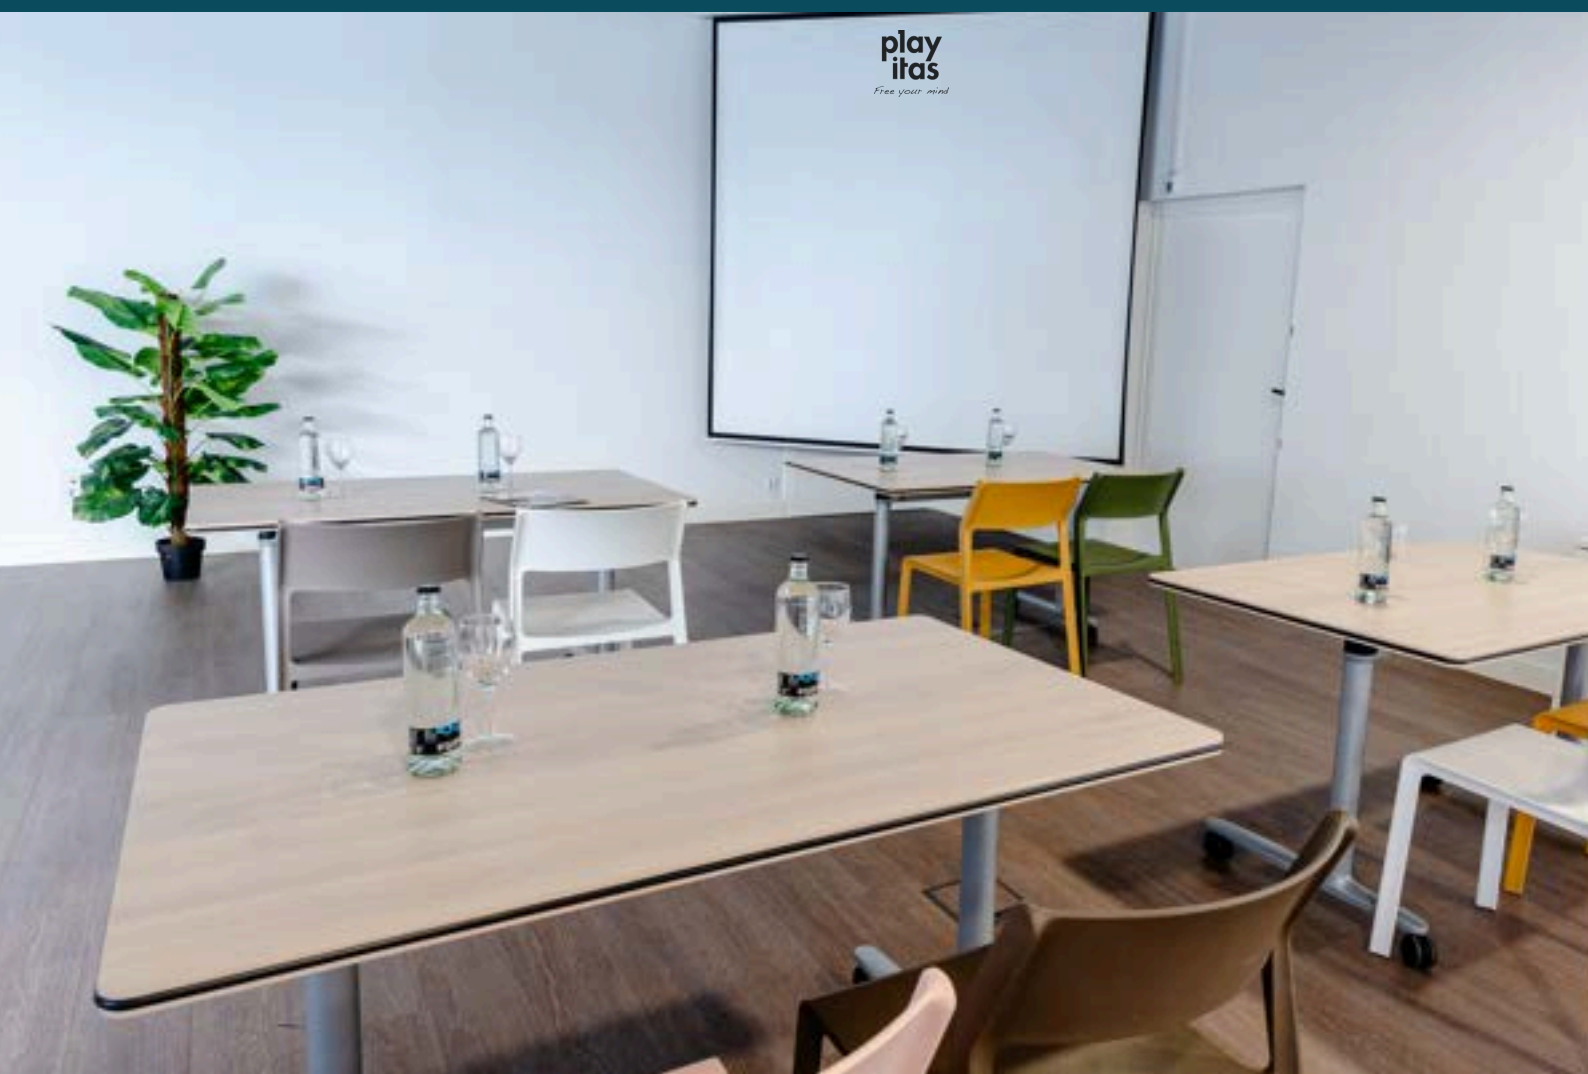

Playitas Resort has extensive experience in the comprehensive organization of sporting events. We also organize corporate events, congresses, conventions, exhibitions for companies and private celebrations such as weddings, baptisms or communions. We offer creative and flexible solutions, adaptable to the needs of our clients, which allow us to achieve their total satisfaction with the highest standards of quality and professionalism.
