# Welcome

## Welcome to the Gymleco Family

Gymleco is a Swedish, family-owned company driven by a passion for health, strength, innovation, and sustainability. Today, we are one of Europe's leading designers and manufacturers of strength training equipment.

With customers worldwide, Gymleco has grown into a trusted gym machine brand known for innovative design and biomechanical precision. We offer a complete range of strength training and exercise equipment, and we are among the few manufacturers in the Nordics producing our equipment in-house.

We aim to be more than a supplier. We strive to be a total solution and a profitable, long-term investment for our customers.

Since 1994, Gymleco has focused on developing Swedish-made equipment that is functional, durable, and built for a long lifespan with minimal maintenance. We are truly passionate about fitness, and we invite you to join us in our ambition for a healthier world and a more sustainable future.

## Why choose Gymleco?

- Decades of experience
- Biomechanical precision
- Innovative, original design
- Low maintenance
- Commercial-grade quality use
- Space-efficient footprint
- Suitable for all users
- Ergonomically correct movement
- Affordable quality

### Fixed Barbells PU, straight or curved

Art.nr: 825

Gymleco's fixed barbells are designed in a classic, timeless design and are covered in polyurethane material. Polyurethane is similar to strong rubber and makes the barbells extremely durable. Choose between straight or curved model.

Available in sizes:  
7.5–30 kg in 2.5 kg increments, and 30–50 kg in 5 kg increments.

### Fixed Barbells in Chrome

Art.nr: 828 / 828C

Gymleco's fixed barbells in chrome comes in a variety of sizes from 5kg up to 50kg. Made in a premium design with a highly durable chrome finish – perfect for elevating the look of your gym without compromising on quality.

Available sizes:  
Both the straight and curved barbells come in 10 different weights, from 5 kg to 50 kg, in 5 kg increments.

### Pump Set Polyurethane

Art.nr: 480PU-20

Here is a barbell set perfectly made for group classes in professional gyms. The weights are of polyurethane material and therefore very durable. The set is total 20 kg and consists of a barbell, a pair of spring collars and weights: 2 x 1,25 kg, 2 x 2,25 kg and 2x 5 kg.

Hole diameter: 31 mm  
Bar diameter 30 mm

### Pump Set

Art.nr: 480-20

Are you looking for a space saving barbell with weights? Then we have the solution for you! A barbell set with a total of 20 kg consisting of a barbell, a pair of spring collars and black rubber weights: 2 x 1,25 kg, 2 x 2,25 kg and 2x 5 kg.

Hole diameter: 31 mm  
Bar diameter 30 mm

### Calibrated Steel Plates with handles

Art.nr: 820

Our Calibrated Weight Plates offer precision, durability, and performance for your strength training. Made from high-quality steel, these plates are built to withstand intense workouts while ensuring accurate weight distribution. The recessed text and color markings remain clear over time, enhancing their longevity.

Hole diameter 50mm  
Available in sizes: | 0,5kg | 1kg | 1,25 | 2,5kg | 5kg | 10kg | 15kg | 20kg | 25kg

### Black Weight Plates in Rubber

Art.nr: 824B

Gymleco weight plates are made of commercial quality, with a diameter of 450 mm and a strong reinforced steel center in the middle. Perfectly suitable for the gymcenter, functional fitness box or the commercial homegym.

Hole diameter 50mm  
Available in sizes: 5kg | 10kg | 15kg | 20kg | 25kg

### Colored Weight Plates in Rubber

Art.nr: 824C

Gymleco weight plates are made of commercial quality, with a diameter of 450 mm and a strong reinforced steel center in the middle. Perfectly suitable for the gymcenter, functional fitness box or the commercial homegym.

Hole diameter 50mm  
Available in sizes: 5kg | 10kg | 15kg | 20kg | 25kg

### Bumper Plates

Art.nr: 824H

Gymleco's Training Bumpers are made of recycled, vulcanised rubber. These bumpers are designed for hard weight training. Thanks to their soft rubber they're sound-absorbing and durable. This makes the bumpers some of the toughest on the market. Fantastic shock absorbing when you lift!

Hole diameter 50mm  
Available in sizes: 5kg | 10kg | 15kg | 20kg

**Colored Weight Plates in Rubber with handles**  
Art.nr: 423

Gymleco's weight plates are made of high quality rubber and have a good design suited for any commercial gym. These weight lifting plates have handles for easy change of weights when working out.

Hole diameter 50 mm  
Available in sizes: 1,25kg | 2,5kg | 5kg | 10kg | 15kg | 20kg | 25kg | 50kg

**Black Weight Plates in Rubber with handles**  
Art.nr: 422

Gymleco's weight plates are made of high quality rubber and have a good design suited for any commercial gym. These weight lifting plates have handles for easy change of weights when working out.

Hole diameter 50mm  
Available in sizes: 1,25kg | 2,5kg | 5kg | 10kg | 15kg | 20kg | 25kg

**Black Weight Plates in Polyurethane with handles**  
Art.nr: 822

Gymleco's international weight plates with handles, enhanced with the markets strongest material (**polyurethane**) that is similar to strong rubber. These weights from Gymleco are inspired by our most popular weight plates, article 423.

They are of the highest quality and made for commercial use in the gym. The plates have handles for easy switch between machines. Unlike bumper plates these weights are hard which doesn't make them "bumpy".

Hole diameter 50mm  
Available in sizes: 1,25kg | 2,5kg | 5kg | 10kg | 15kg | 20kg | 25kg

**Urethane Fractional Bumper Plates**  
Art.nr: 824F

These small weights are excellent for small weight changes in your workout and color coded for easy identification. Premium urethane provides unmatched durability and will not damage the bar.

Hole diameter 50mm  
Available in sizes: 0,5kg | 1kg | 1,5kg | 2kg | 2,5kg | 5kg

**Technique Weights**  
Art.nr: 824T

Gymleco technique weights in a unique mixture between plastic & rubber provide long durability and quiet use. Extra wide base provides good stability, perfect for training all types of technique lifting.

Hole diameter 50mm  
Available in sizes: 2,5 kg | 5kg

**Chrome Dumbbells 1-10 kg**  
Art.nr: 430

These highly reflective and attractive dumbbells add a touch of class to any gym. These chrome dumbbells are ergonomically designed to fit comfortably in the users hand.

Available in sizes:  
1 kg | 2 kg | 3 kg | 4 kg | 5 kg | 6 kg | 7 kg | 8 kg | 9 kg  
| 10 kg

**Hex Dumbbells 1-35 kg**  
Art.nr: 433

These rubber hex dumbbells deliver the perfect balance of quality and price to any athlete. The dumbbells are hexagonal shaped and stop the weights from rolling around.

Available in sizes:  
1 kg | 2 kg | 3 kg | 4 kg | 5 kg | 6 kg | 7 kg | 8 kg | 9 kg |  
10 kg | 12,5 kg | 15 kg | 17,5 kg | 20 kg | 22,5 kg | 25 kg  
| 27,5 kg | 30 kg | 32,5 kg | 35 kg

**Premium Chrome Dumbbells 1-10 kg**  
Art.nr: 830

These high commercial chrome dumbbells are made of steel and can not be unscrewed. This make these sustainable at the commercial gym.

Available in sizes:  
1 kg | 2 kg | 3 kg | 4 kg | 5 kg | 6 kg | 7 kg | 8 kg | 9 kg  
| 10 kg

**Polyurethane Dumbbells 1-10 kg**  
Art.nr: 831

Gymleco's dumbbells are manufactured with durable material called polyurethane. Each weight comes with clear markings and comfortable handles.

Available in sizes:  
1 kg | 2 kg | 3 kg | 4 kg | 5 kg | 6 kg | 7 kg | 8 kg | 9 kg  
| 10 kg

**Rubber Dumbbells 1-10 kg, PU**  
Art.nr: 835

Gymleco's small rubber dumbbells are made of the highest quality and should be available at every gym.

Available in sizes:  
1 kg | 2 kg | 3 kg | 4 kg | 5 kg | 6 kg | 7 kg | 8 kg | 9 kg  
| 10 kg

**Polyurethane Dumbbells 5-80 kg**  
Art.nr: 836

These dumbbells are made of the highest commercial quality and covered in polyurethane material. Durable dumbbells with a well-thought-out design. All weights come with clear markings and with no risk of weights becoming loose.

Available in sizes:  
5kg | 7,5kg | 10kg | 11kg | 12kg | 12,5kg | 13kg | 14kg |  
15kg | 16kg | 17kg | 17,5kg | 18kg | 19kg | 20kg | 22 kg |  
22,5kg | 24 kg | 25kg | 26 kg | 27,5kg | 28 kg | 30kg | 32kg  
| 32,5kg | 34kg | 35kg | 36kg | 37,5kg | 40kg | 42,5kg |  
45kg | 47,5kg | 50kg | 52,5kg | 55kg | 57,5kg | 60kg | 65kg  
70kg | 75kg | 80kg

**Steel Dumbbells 10 - 100 kg**  
Art.nr: 838

Gymleco's new, unique steel dumbbells. Really robust weights that can stand hard weight training. No loose detail or surface treatment that can loosen or flatten.

Available in sizes:  
17,5 kg | 12,5 kg | 12,5 kg | 15 kg | 17,5 kg | 20 kg | 22,5  
kg | 25 kg | 27,5 kg | 30 kg | 32,5 kg | 35 kg | 37,5 kg |  
40 kg | 42,5 kg | 45 kg | 47,5 kg | 50 kg | 52,5 kg | 55 kg  
| 57,5 kg | 60 kg | 62,5 kg | 65 kg | 67,5 kg | 70 kg | 75 kg  
| 80 kg | 90 kg | and up to 100 kg at request.

787 Bulgarian Bag

**Power Fitness sandbag 6-30kg**

Art.nr: 784

Durable and versatile training tool. Designed to build functional strength, grip, and core stability by challenging the body through unstable and dynamic movements. Ideal for exercises like squats, carries, presses, and throws.

Available in sizes:

6 kg, 8 kg, 10 kg, 12 kg, 16 kg, 20 kg, 24 kg and 30 kg

**Bulgarian Bags**

Art.nr: 787

The Bulgarian bag strengthens the muscular tolerance of the grip, wrists, arms, shoulders, back, legs, and rotational muscles. Bulgarian bags are perfect in all kinds of gym but are most often used in functional fitness.

Available in sizes:

5 kg, 10 kg, 15 kg, 20 kg and 30 kg

**Hip Thrust Soft Cushion**

Art.nr: N79-166

This soft cushion made for hip thrusts is truly a must-have at every gym. Thanks to its size, it's perfect for both professional gyms and home gyms. It's used in hip thrust exercises that you do with a barbell or some kind of weight; could be a kettlebell!

Length: 60 cm  
 Width: 40 cm  
 Height: 40 cm  
 Weight: 15,5 kg

**Hip Thrust Soft Bench**

Art.nr: N79-020

This bench is a bit bigger than the one above but similar in usage. It's perfect for both hip thrusts but also for other exercises like Bulgarian split squats and step-ups. So it's multi-functional!

Length: 100 cm  
 Width: 45 cm  
 Weight: 17 kg

**Small Foam Plyo Box**  
Art.nr: N59995-SMALL

Smaller version of our popular Foam Plyo Box below. This can be used specially for those who think that the other ones are too big and scary to jump on.

Length: 61 cm  
Width: 51 cm  
Height: 41cm  
Weight: 16 kg

**Foam Plyo Box**  
Art.nr: N59995-60

Even advanced athletes can, despite their away-trained fears, choose soft plyo boxes as they reduce the chance of being injured further.

Length: 76 cm  
Width: 61 cm  
Height: 51cm  
Weight: 29 kg

**Wooden Plyo Box**  
Art.nr: N59993

Turn over the box and get three different heights. The Plyo box is made of wood and with handles for easy movement of the box.

Length: 70 cm  
Width: 60 cm  
Height: 50 cm  
Weight: 28,5 kg

**Premium Plyo Box**  
Art.nr: 680

Gymleco's Premium Plyo Box is made in Sweden from 18mm WISA Hexagon material. Great quality and good looking finish.

Length: 76 cm  
Width: 61 cm  
Height: 51cm  
Weight: 24,6 kg

**Soft Drop Boxes /Crash Pads**  
Art.nr: A-756013

Crash pads are used in weight lifting and functional training with the purpose of minimizing the sound but also lower the impact on the equipment when you drop your barbell with weights.

Length: 75 cm  
Width: 60 cm  
Height: 13 cm  
Weight: 7,8 kg

**Hygienic Mat**  
Art.nr: A-1506008

Gymleco's hygienic stretch mat in grey/silver with a black backside. The mat is produced with an eyelet on both sides for easy suspension. Durable and easy to clean. Laminated with PVC and contains sealed foam.

1500x600x8mm

**Hygienic studio mat, rectangular**  
Art.nr: A-1736008

Every gym needs durable gym mats. Here you have our hygienic mats that are easy to wipe off after the group training or stretching. Perfect in your yoga or strength training classes or in your stretch section at the gym. With a clean and stylish design they fit into any training facility.

Available in two sizes:  
1730mm x 600mm x 8mm  
1200mm x 600mm x 8mm

**Yoga Mat**  
Art.nr:A-1836105

Gymleco's yoga mat is made of TPE with a stylish design in black with white logo. Perfect for your yoga classes where you need a durable and durable yoga mat.

1830mm x 610mm x 5mm

**Gymnastic Balls, 3 sizes**  
Art.nr: A-D55, A-D65, A-D75

Gymnastic Balls or Yoga Balls, as they are also called, are great for strength training and training your balance and coordination. You can do a variety of different exercises with the Yoga Balls and they are a must in the big commercial gyms as well as a great addition in your home gym.
