EVERY CHOICE

GREEN FIT

ENGINEERED FOR EXCELLENCE

THE NEW CONCEPT OF PRIVATE WELLNESS EXPERIENCE

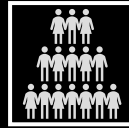

WHY **GREEN FIT** WAS CREATED

To redefine the
concept of luxury
training

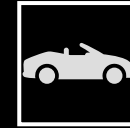

To bring fitness
where it was
previously
impossible

To combine
aesthetics and
functionality

To offer a private
and exclusive
wellness
experience

To create a new
standard of
sustainable luxury
fitness

To transform any
space into a
wellness
destination

Green Fit's mission is to enhance villas, hotels, and exclusive properties through an iconic fitness solution.

WHAT GREEN FIT OFFERS

Health

Accessible wellness in every environment.

Technology

Integrated smart functionality.

Sustainability

Solar energy and eco-friendly design.

Versatility

Modular and customizable for every need.

Through modular fitness stations powered by solar energy. With smart and accessible features designed for exclusive environments..

GREEN FIT
